FRIDAY, APRIL 1, 1870.

THE Parkersburg Gazette thinks it very unkind in the Clarksburg Conserve se to say that certain Democratic politicians of the former place will have to take back seats in the coming Democratic Convention. The Conservative may not know it, but its advice is quite superfluous, because it was arranged here this winter that the aforesaid politicians were to have front seats and hold the reins. One gentleman who was expected to make trouble was provided for in another district, and any others who choose to be ugly will no doubt be duly attended to. In a political way, if in no other, Parkers burg is an ambitious town. It is both able and willing to furnish material for all the offices in the gift of the State-although it wouldn't be the Capital on any

A CORRESPONDENT this morning gives us what we have no deubt are the facts in regard to the troops recently sent to Kanawha. It appears they were called for by the Federal Court for this district-in other words by order of His Honor John J. Jackson, jr., Judge. Our correspondent, as we understand, makes this statement upon the authority of the Marshal himself. Now seeing that His Honor, John J. Jackson, ir., Judge aforesaid, is a Democrat of the first water, we hope Democratic papers will cease their howling over this invasion of troops as a

STATE TAXATION OF NATIONAL BANKS. -The Supreme Court of the United States, in the case of the First Nationa Bank of Louisville against the State of Kentucky, has decided that the property in a bank called a share was distinct from the capital of the bank, and that such a share, as the property of the shareholders. could be taxed by the State, notwithstanding the fact that all the stock of the bank was invested in Government securities.

A LETTER from Hagerstown to the Baltimore Sun says that, in that Congressional district, three hundred colored voters will be made by the fifteenth amendment, and that it will elect a Republican Congress-

Virginia, recently published in the Wheel-ing Intelligencer, respecting the triumph of violence in this county, the difficulty of serving process, the existence of an armed mob releasing prisoners from jail, and of causes for alarm for the safety of the neo-ple, is an unmitigated falsehood. Who They Are.

The Wheeling Register, in printing this document a day or two since, asserted that it was "signed by leading gentlemen of both parties," whose "names will be recognized as sufficient vouchers for the accuracy of their statements." The following letter from a gentleman of verucity, who knows all about these parties, fur

nishes the best commentary that could be made on this statement: To the Editor of the Intelligencer To the Editor of the Intelligence:

My attention has been called to a card published in the Daily Register of the 28th instant, relative to the Kanawha troubles, purporting to be "signed by men of, both parties," wherein they pronounce the letter, known throughout the State as the "Wheeling letter," "un unmitigated false-bood." In the first place, the assertion of the Register in introducing the Card to the public, that the communication was "signed by men of both parties," is untrue, unless it intended to convey the lites that they are members of the two parties that are in reality one—Robel and Democratic. Not a man whose signature is appended to the "Card" is a Republican, nor is one of them in sympathy with Republi-

Not a man wines signature is appended to the "Card" is a Republican, nor is one of them in sympathy with Republican principles. A majority of them were soldiers in the late Confederate service, while a greater portion of the remaining were "stay at home rebels," who have always opposed Republican ideas and will do sotill they die. It is therefore treating the loyal men of the Kanawia valley unjustly for the statement that Republicans signed the aforesaid card, to go uncontroverted. I therefore, emphatically assert that not a single Republican signed Ben. Smith's Card aforesaid, but of the contrary, the Republicans of Churleston, to a man, refused to sign the Card, and then and now, deny that it contains a single iota of truth. It is a trick of the Ku Klux ring of that place, to concent the facts which are being developed, relative to the existence of that midnight band in Kanawha county, which has for its object.

to the existence of that midnight band in Kanawha county, which has for its object the enthronement into power of the Democratic party at the risk of law, justice, reason, and right.

Again, the card charges that organization referred to in the "Wheeling letter," is not set up in defiance of law, but on the contrary swears its members to support the Constitution of the United States and the Constitution of West Virginia. Now to prove that this Democratic assertion is

false, I would respectfully refer them to the public statements of members of this organization upon the streets of Charles-ton, that the sole object or this clan was "to best Radicals and clean out the nig-gers." And although they have time and again assaulted negroes in different parts-of the country, for no other reason than that they were negroes, how can they claim to be law abiding when by these huntal assaults they attempt to deprive a

brutal assaults they attempt to deprive a

certain class of citizens of rights and liber-ties guaranteed to them by both of the instruments, which they all assert that they are sworn to protect? To be brief their entire card is false from beginning to end, and is circulated in the interests of the Democratic party, to the detriment of a large majority of the inhabitants of the Kanawha Valley, and we might safely add, of the State at large. March 29, 1870. March 29, 1870.
